MONACO ABOUT US

Monaco-based Multi Art was founded in 2013 by Wendy Lauwers. It is an original concept dedicated to the promotion of contemporary art based on three pillars:

Multi Art Events

Multi Art Gallery

'ART' Art Riviera Tour

The synergy of these three entities gives a unique insight in today's contemporary art where artists are placed in the heart of news by propelling them both in the press and social network, as well as in notoriety through events and the follow-up done for each artist individually.

Multi Art Events

Multi Art Events is an artistic platform recognized for the quality of its own events and for its collaborations with certain large-scale international events.

Multi Art Events creates artistic events, highlighting artistic creation in all its forms and in the diversity of its most striking trends.

Multi Art Gallery

Wendy reinvented the concept of the traditional art gallery by adapting it to today's expectations. It is an online contemporary art gallery that offers to both artists and collectors the same services as a traditional gallery, representing more than hundred contemporary artists from all nationalities, each representative of a strong current in their own artistic discipline (painters, photographers, sculptors, designers...).

The online gallery also supports occasionally events organized in exceptional places. Many Multi Art Gallery artists have been with us for years and honor us with their trust.

ART Art Riviera Tour

Multi Art Gallery launched Art Riviera Tour 'ART' in 2020. It is an ephemeral contemporary art exhibition that includes a rigorous selection of international artists.

The 1st edition took place in Saint-Tropez. Since 2021, Art Riviera Tour has been held every July in Saint-Jean-Cap-Ferrat in France in collaboration with the city.

About Wendy Lauwers

Wendy Lauwers, founder of Multi Art Events/Gallery Monaco, has been passionate about contemporary art for many years.

With a personal background that began with foreign languages, through interpreter studies and then a degree in psychology, she is infinitely interested in the complexity and diversity of human beings.

In fact, it became clear to her that art was a major social vector and a particularly effective medium for exchanging ideas.

With a lifelong interest in art and a background in public relations, she offers her expertise and experience as a communicator to her artists in order to optimize the exhibition of their works, both in Monaco and abroad.

MINE BERTHET

Mine Berthet, painter from Eastern Anatolia graduated from the Istanbul School of Fine Arts. Proud to be a hermaphrodite, it is a subject that inspires her and can be regularly found in her works. Mine explores mythology, religions and history through her paintings.

She masters the subtlety of extracting all the nuances of black. She plays with light and symbolism to explore all its nuances. Everything is contradictory, she plays on the positive-negative duality, on white and black, on old and modern.

HADY BEYDOUN

Born in 1974 in Beirut, Hady Beydoun is an internationally renowned eclectic artist. With a degree in Graphic Design, he stands out for his genius in painting, sculpture, graffiti, and tattoo art.

Exhibited in prestigious art shows around the world, his sui generis works challenge consumerist society, inviting introspection and the grasping of one's essence. ED

Born in 1975, ED has always wanted to create, to mark out a world in her own image, where emotions mingle, a skillful blend of provocation and joie de vivre.

She studied at the Saint-Luc Institute in Tournai, Belgium. Inspired by the work of Basquiat, Warhol, Roy Lichtenstein, and graffiti artists such as Monsieur Chat and JonOne, she works in acrylic.

The viewer wanders between oblivion and memory, each finding their own Proust's madeleine in the artist's work.

ED exhibits in France and Europe, and in 2024-2025 she will be in Barcelona, Dubai, and Miami.
